About This Book

The hilariously clever and much-anticipated follow-up to the breakout hit, *The Strange Case of Origami Yoda!*

It is a dark time at Ralph McQuarrie Middle School. Tommy thought grade seven was going to be smooth sailing now that his problems were over (thanks to Origami Yoda). That was until Darth Paper showed up. After suffering several Origami Yoda related humiliations, Harvey manages to get Dwight (aka Origami Yoda) suspended from school for being a “troublemaker.” Origami Yoda (Dwight) pleads with Tommy and Kellen to save him by making a new case file — one that will show how his presence *benefits* their school. With the help of friends, Tommy and Kellen record more strange cases such as “Origami Yoda and the Pre-eaten Wiener,” “Origami Yoda and the Exploding Pizza Bagels,” and “Origami Yoda and Wonderland: The Musical” to help Dwight. BUT Harvey and his Darth Paper puppet have a secret plan that could make Dwight’s suspension permanent and put an end to Yoda forever!
